Jan, I congratulate you on this excellent piece of reporting. There are even things here I didn't know so it is reasonable to suppose that the ACC is likewise in the dark.

Thank you very much for putting this all together and passing it along to the right people.

I wish I could have done it even half as well as you did.

A great public service. Not only for the extremely raped and permanently damaged Mohave County but for all of Arizona as well...and New Mexico, but that's their problem I suppose.

James Rhodes is all bad...the worst type of career criminal....

Never give up....
